

ICCF

Fall & Winter 2013 Introduction to Home Ownership Series

When you attend this series you will learn:

- How to prepare for home ownership
- How to shop for a home
- The advantages of home ownership
- What to expect during the mortgage process
- Low cost ways to get into home ownership

To complete the class, you and anyone else on the future loan **must attend the full 6-hour class**, which entitles you to MSHDA, HUD and other program certification. Certificates will be granted directly to a lender or program staff when you are approved for one of their programs. We will keep records of your attendance as verification.

All classes meet at ICCF – 920 Cherry St SE, Grand Rapids, MI 49506
